CREATE A MONOLOGUE

A monologue is a piece of script that only one person talks in. Pick one of the types of characters below and think about what they would talk about and how they would talk. Create a short performance where you act and talk like this character telling a bit of their story..i.e.

- An elderly war hero
- A heartless pirate
- A film star talking about their latest performance.
- A sporting star who has just won
- A homeless person talking about how they became homeless
- A Teacher talking about the good and bad bits of their day.

Film this on your phone and email it to me at akennedy@st-ants.org if you can
