

ADDITIONAL MATHS HOME LEARNING ACTIVITIES

Spring 1 (January - February half term)

	Year 11	<u>Online resources and websites</u>
Topic	<p style="text-align: center;">AQA Entry Level Fractions and Ratio</p>	<p>www.mymaths.co.uk school username: stanth school password: green</p> <p>This website has instructional powerpoints to explain topics together with interactive resources to consolidate learning.</p>
Activities	<p>Understand equal parts means the same size. Eg. If you cut a pizza in "half" it has to be equal parts.</p>  <p>Show half of a quantity up to 20. Use objects (dried pasta shapes, buttons etc) to work out which numbers to 20 can be divided into half. Can 3 be divided in half?</p> <p>Find halves and quarters.</p>  <p>How many ways can you make $\frac{1}{2}$ or $\frac{1}{4}$ on a grid?</p>  <p>Know that $\frac{1}{2}$ and $\frac{2}{4}$ are equal. Explore what $\frac{1}{2}$ of 12 is. What about $\frac{2}{4}$ of 12. What do you notice about your answers?</p> <p>Find fractions of amounts. What fraction of the mugs in the cupboard are patterned?</p>  <p>Add and subtract fractions with the same denominator eg.</p> 	<p>www.numeracyworkout.co.uk username: stanthony password: street</p> <p>This website are used on a daily basis in maths lessons at school and offer a huge range of online interactive activities for each topic.</p> <p>https://www.bbc.co.uk/bitesize/subjects/zjd8jty - BBC Bitesize - functional skills - Level 1 and 2 maths</p> <p>For year 10 pupils BBC Bitesize has appropriate resources and activities to support their home learning.</p> <p>There are also a huge range of free resources and online activities on the internet. If you search for a particular topic eg (fractions + free worksheets) you should have access to activities that your child can complete.</p> <p>If you need any particular support or additional information regarding maths please do not hesitate to contact mhorrod@st-ants.org where I will be available by email.</p> <p>Melanie Horrod</p>
