

YEAR 10

PATHWAYS

As part of your coursework you need to show 3 mimes of you doing different things. Have a go at these (or do 2 of these and one of your own choosing) and then film them on your phone and e-mail them to me at akennedy@st-ants.org if you can.

Create a mime of you:

- Driving a car

You could: open and shut the door. Use the seat belt. Keep the steering wheel in the same place. Use the indicator and gear stick. Put some music on the radio.

- Fishing

You could: putting on the bait, cast, catch something.....how big is it ? Does it put up a fight, or is it tiny and you feel disappointed.

- Playing cards

You could; shuffle and deal out. Place the cards down and clearly show if you have won or lost

- Put make-up on

You could; Pretend to be looking in a mirror. Put on some mascara remembering to unscrew it first. Add some lipstick and maybe some earrings.....maybe squeeze a spot!
