

YEAR 10 LAND BASED STUDIES

This term they will be learning about the tools and equipment they will need to wear, how to keep safe in the garden and doing some gardening jobs. They will also learn how to keep plants healthy.

Task to complete	Tick when completed
Write down some rules that you have learnt about how to stay safe in the garden including what you may need	
Write down what a plant needs to keep healthy	
Design a PowerPoint presentation showing some of the tools that you use and what you use them for. Make sure you add lots of pictures.	

Extension Activity

Create a Poster for the greenhouse showing how to keep safe in the garden.
Create a poster for the greenhouse on how to keep a plant healthy.
