

Cops and Robbers Lyric sheets

VERSE 1

Robbers

It's raining hard and I'm shuffling slow
Got out of jail just an hour ago
I know I look like your average Joe
I'll take your purse and you'll never know.

Cops

I've seen ya 'round these streets before
You've got your eye on the jewel'ry store
You're thinking how you can blow the door,
But I'm the cop that'll make you stop

CHORUS

Cops

It's just a game we play,
Gonna take you down
When the lights are low
Like the TV show and they call it
Cops and Robbers
Cops and Robbers, shhh!

Robbers

Playing in the shadows when the moon has gone
We never walk the straight and narrow
I'll be creeping round the alley
TV show,
Cops and Robbers

VERSE 2

Robbers

Hey buddy please can you lend me a dime
I gotta call some friends of mine
I've got a job and a driver in mind
We'll hit the bank at closing time

Cops

I've seen ya 'round these streets before
You've got your eye on the jewel'ry store
You're thinking how you can blow the door,
But I'm the cop that'll make you stop
