Friday Su M T W Th (F) S	Registration 	PSD 	Science 	BREAK 	Comput h g 	Lunch  12:55-1:20	Registration 	Comput h g 	Maths  1+2=3

What will you be learning about?

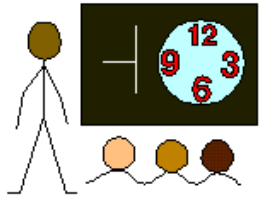

History

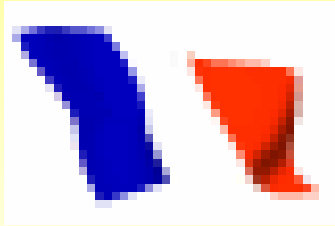

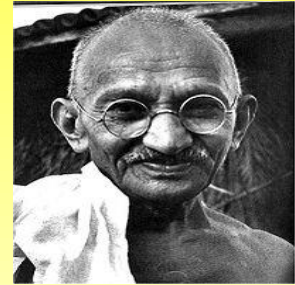

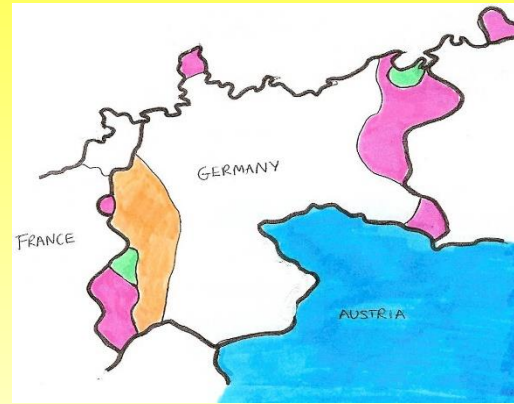

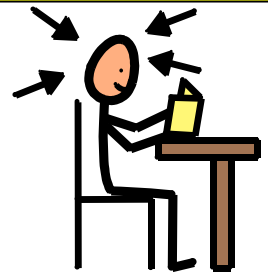

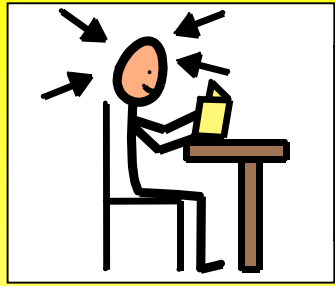

- Germany between 1919 and 1939 – The turbulent inter-war period. The Treaty of Versailles, Weimar Germany and the rise of Hitler and the Nazi Party.
- Prejudice and Discrimination against People –
- Our topic covers the Holocaust.
- Secondly we learn about Gandhi and his struggles to gain independence for India from British rule.
- Britain and WWII – The impact of War on Britain.
- We learn about the war waged by Germany. Sir Winston Churchill, the Blitz, rationing and the Battle of Britain.

History

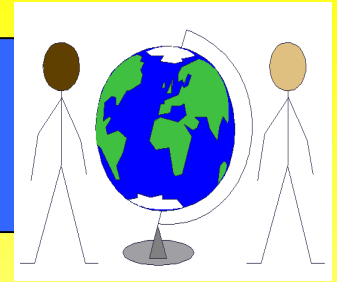

History

Geography

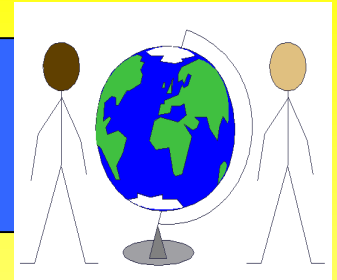

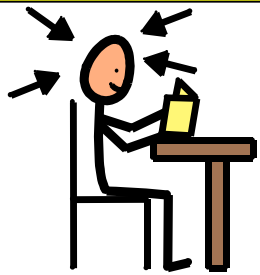

Population: Explore how and why the population is changing in the UK by investigating details of birth, death rates and migration.

Tourism: Explore key features of tourism by explaining the terms 'tourism' and tourist. Investigate how tourism has changed since the 1960's and identify trends and patterns using data to discuss its impact.

Responding to a Major Tectonic Event: Explore the different features that tectonic events create. They will identify the causes of events and identify areas of tectonic activity on earth. Pupils will consider the effect on humans and the environment.

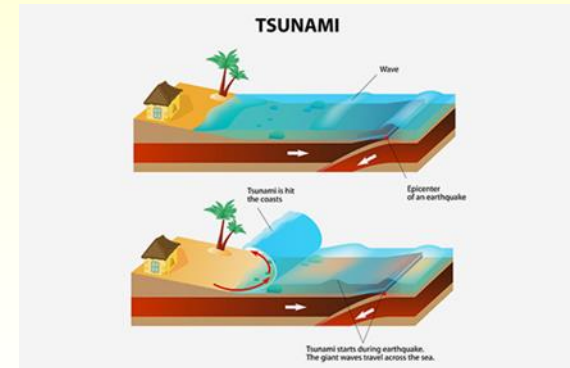

Geography

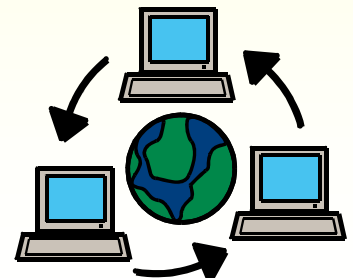

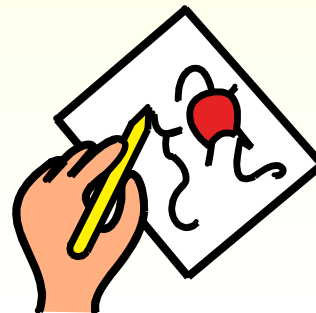

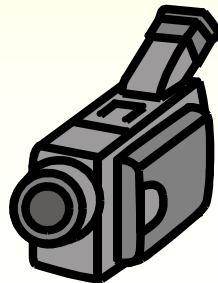

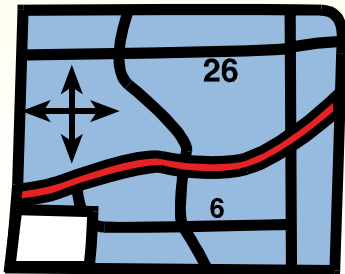

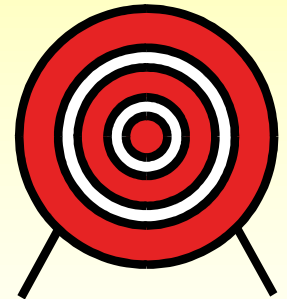

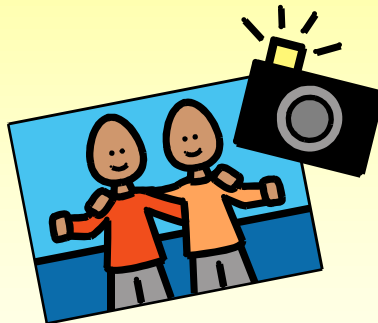

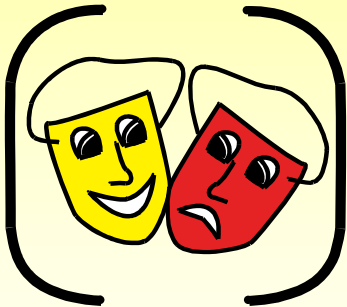

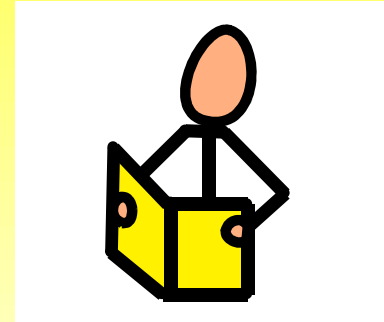

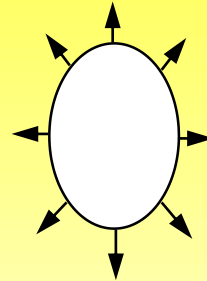

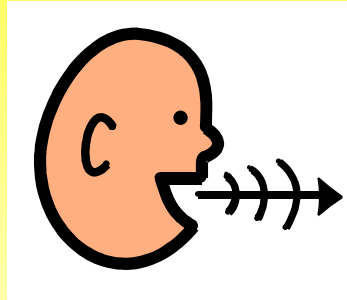

Tourism

Tectonic Events

How do we teach it ...?

Some role play moments in History

What life skills do you learn from this course?

- You learn to produce work that meets assessment criteria for examiners to mark
- You will work with increased independence
- You will develop analysis and research skills from sources and statistics
- You will gain confidence to express and share your ideas
- You will learn that all people are different and difference should be celebrated and respected
