# What will you be learning about?

# History

- Germany between 1919 and 1939 – The turbulent inter-war period. The Treaty of Versailles, Weimar Germany and the rise of Hitler and the Nazi Party.
- Prejudice and Discrimination against People –
- Our topic covers the Holocaust.
- Secondly we learn about Gandhi and his struggles to gain independence for India from British rule.
- Britain and WWII – The impact of War on Britain.
- We learn about the war waged by Germany. Sir Winston Churchill, the Blitz, rationing and the Battle of Britain.

# History

# Geography

**Population:** Pupils will consider how and why the population is changing in the UK by investigating details of birth, death rates and migration. To support this pupils will investigate how this change is affecting people in the UK

**Tourism:** Pupils to identify key features of tourism by explaining the terms 'tourism' and tourist. They will investigate how tourism has changed since the 1960's and identify trends and patterns using data to discuss its impact

**Responding to a Major Tectonic Event:** Pupils will learn the different features that tectonic events create. They will identify the causes of events and identify areas of tectonic activity on earth. Pupils will consider the effect on humanity and the environment.

# Geography

Tourism

Tectonic Events

Migration

# How do we teach it ...?

# Some role play moments in History

# What life skills do you learn from this course?
